

PROJECT

LIFESTREAM BLOG APPLICATION

Presented by
Aswathy R V

ABSTRACT

The **Lifestream** Blog Application is a platform designed to allow users to create, manage, and view articles. Users can easily add, edit, and delete their articles, providing a dynamic space for content creation. The application aims to offer a simple and user-friendly experience for article management and browsing, focusing on providing a space for personal and informative content creation. By focusing on a personalized approach to article management, the platform enables users to build a repository of meaningful content for sharing and engagement.

Technologies Used

- Frontend: HTML, CSS
- Backend: Django (Python)
- Database: SQLite
- Additional Libraries/Frameworks: Bootstrap

Former PM Manmohan Singh cremated: Bhutan king, Mauritius FM pay respects

Bhutan King Jigme Khesar Namgyel Wangchuck and Mauritius Foreign Minister Dhananjay Ramful were among those who attended the last rites of former Prime Minister Manmohan Singh in Delhi on Saturday. "India will not be able to realise its own destiny without the partnership of its South Asian neighbours," Singh had remarked in 2011, speaking at an event in Dhaka, highlighting the importance his office accorded to India's immediate neighbours. In 2008, as India's Prime Minister, Singh had visited Bhutan and expressed strong support for the country's move towards democracy.

UPSC Key: PM CARES Fund, Current Account Deficit, and Siang Upper Multipurpose Project

Why is the rise in the food spending in the rural areas relevant to the UPSC exam? What is the significance of topics such as the PM CARES Fund, Manmohanomics, and Current Account Deficit (CAD) both the preliminary and main exams? You can learn more by reading the Indian Express UPSC Key for December 28, 2024.

How rage rooms are redefining anger and stress relief in India

Food

LIFESTREAM

HomeAboutCategoriesArticlesContactloginsignup

Vegetable Stir-Fry

Heat sesame oil, stir-fry garlic and ginger, add vegetables, and cook on high heat. Add soy sauce and stir until veggies are tender but crunchy.

Paneer Butter Masala

Sauté tomato puree with spices, add cashew paste and cream for a smooth gravy. Cook paneer cubes in the gravy and garnish with butter.

Travel

LIFESTREAM

HomeAboutCategoriesArticlesContactloginsignup

architecture, beautiful gardens, and the symmetry of the entire monument make it one of the most iconic landmarks in India.

Jaipur, Rajasthan

Known as the "Pink City," Jaipur is famous for its royal palaces, forts, and vibrant culture. Must-visit attractions include the Amber Fort, City Palace, Hawa Mahal, and Jantar Mantar. The city reflects a blend of traditional and modern influences, offering a unique experience for history buffs and culture enthusiasts.

Leh-Ladakh, Jammu & Kashmir

Leh-Ladakh is a high-altitude desert region known for its breathtaking landscapes, monasteries, and adventure activities like trekking, biking, and river rafting. The serene Pangong Lake, Nubra Valley, and the ancient monasteries of Hemis and Thiksey offer travelers a spiritual and adventure-filled experience.

Login Page

A screenshot of a web browser showing the login page for 'LIFESTREAM'. The browser's address bar displays '127.0.0.1:8000/login/'. The page has a navigation bar with links: Home, About, Categories, Articles, Contact, login, and signup. The main content area contains a login form with two input fields: 'Username*' with the value 'Lifestreamblog' and 'Password*' with masked characters '*****'. Below the password field is a blue 'Login' button. A link 'Don't have an account? [Sign up](#)' is positioned below the button. The footer shows '© 2024 Lifestream | Follow us: [Facebook](#) | [X](#) | [Instagram](#)'.

Register in admin page

A screenshot of the Django administration interface. The top header reads 'Django administration' and 'WELCOME, LIFESTREAMBLOG. VIEW SITE / CHANGE PASSWORD / LOG OUT'. The breadcrumb trail is 'Home > Authentication and Authorization > Users > Lifestreamblog'. On the left sidebar, under 'AUTHENTICATION AND AUTHORIZATION', 'Users' is highlighted with a '+ Add' link. Below this, under 'NEWSBLOG_APP', are links for 'Articles', 'Comments', 'Contacts', 'Foods', 'Newss', and 'Travels', each with a '+ Add' link. The main content area is titled 'Change user' and shows details for the user 'Lifestreamblog'. It includes fields for 'Username:' (containing 'Lifestreamblog') and 'Password:'. The password field shows the algorithm 'pbkdf2_sha256', iterations '870000', salt 'CDeU3j*****', and hash 'EP9NPo*****'. A 'Reset password' button is present. A note states: 'Raw passwords are not stored, so there is no way to see the user's password.' Below this is a 'Personal info' section with input fields for 'First name:', 'Last name:', and 'Email address:'. At the bottom is a 'Permissions' section.

Signup Page

A screenshot of a web browser showing the 'register/' page of a site named 'LIFESTREAM'. The browser's address bar shows '127.0.0.1:8000/register/'. The page has a navigation bar with links: Home, About, Categories, Articles, Contact, logout, and signup. The main content area contains a registration form with three input fields: 'Username*' (containing 'Krishna'), 'Password' (with masked characters), and 'Password confirmation' (also with masked characters). Below the fields is a blue 'Sign Up' button and a link 'Already have an account? Login'. A footer at the bottom reads '© 2024 Lifestream | Follow us: Facebook | X | Instagram'.

Conclusion

The **Lifestream Blog Application** achieves its goal of providing users with a dynamic and user-friendly platform for creating, managing, and engaging with articles. By prioritizing simplicity and personalization, the application fosters an environment where users can express their thoughts, share informative content, and build a meaningful repository of articles. The application's robust functionality—allowing users to add, edit, and delete articles—ensures flexibility and control over content management. This not only enhances user experience but also encourages active participation in content creation.
